

# Welcome to

# NEOMA BUSINESS SCHOOL

REIMS · ROUEN · PARIS

Dear partners,

In order to facilitate the travel and the integration of your students, we take care of them upon their arrival through events and partnerships.

## A DEDICATED TEAM AT THE HUB – STUDENT RELATIONS COORDINATORS

Each of our Campuses have a dedicated team whose mission is to help new international students. A team that is able to answer their questions or direct them to the relevant person.

After completing their application and right up until their arrival in France, students are accompanied in various matters including: housing, immigration, academic, healthcare insurance and practical daily life issues.

## Housing

**211** rooms are reserved for international students in the CROUS (public student residence provider) and **80** in NEXITY STUDEA private residences

Students who do not choose any of the housing options proposed by NEOMA BS are considered independent. These students prefer to find and reserve their own accommodation for the period of their studies (home family, private accommodation).

Our school does not assist Independent students in their research, but we do offer a starting point, thanks to our partnership with STUDAPART:

<http://housing-platform.neoma-bs.fr/en/>

We also invite them to consult our [accommodation guides](#).

## Immigration

A social network group dedicated to immigration issues on Yammer, regularly publishes important information and organizes a live chat before the beginning of each semester in order to answer students' last-minute questions.

The HUB offers a confidential advice and guidance to non-European applicants and students on visa and immigration issues.

- Visas : guidance and validation on *Etudes en France* website or with the French Consulates
- Residence permit : Applications can be done in the School – easy procedure
- Guidance for APS applications and visas for other Schengen countries

## Academic

International students can register in a third language course “LV3” (Chinese, Italian, Spanish, German, Russian...) for **120€** per semester.

Our course offer is adapted to the level of your students.

The courses are taught to both Exchange and French degree students, so your students are perfectly integrated into the NEOMA BS community.

French language courses are proposed in order to discover the French culture and learn the language of Molière.

## THE INTERNATIONAL WELCOME DAYS

To allow new international students to start their year in the best possible conditions, NEOMA BS invites them to a warm and friendly gathering: the [International Welcome Days](#).

The main aim of these introductory days of discovery, organized on the campuses in Rouen and Reims before each semester starts, is to pass on information about NEOMA BS and France in general.

## BUDDY PROGRAM

NEOMA BS has decided to implement a Buddy Program to assist international students in adapting, learning and integrating into their new school, city and environment. It is held by an active student union on each campus, entirely dedicated to international students and their integration in our community life and French culture. Their role is to propose different kinds of events (running dinner for example) and trips, so they can make their stay in France memorable. They will help them become real members of the NEOMA BS family.

## NEOMA BS has also economic partners who can help international students on our Campuses

### > Translation - Agence 001 Traduction

During their studies in France, students may have to translate some of their home and official documents to the French language (birth certificate for example).

A discount of 20% will be applied for each quote emailed to Agence 001 Traduction.

If students are interested in this offer, they have to email the documents and the company will keep them informed about the price and delay.

### > Bank Account - Société Générale

Opening a French bank account is necessary for the Housing Allowance from the CAF and the healthcare insurance reimbursements, even if the student stays for only one semester.

International students can open and close an account easily and benefit from several advantages when choosing our banking partner SOCIETE GENERALE upon their arrival.

### > Insurances – MGEL

MGEL Company provides additional healthcare insurance and housing insurance (the “Pass Yay” includes civil liability, services, discounts and advantages).

### > Computer and electronic devices – ARP

ARP is a platform available to the students for buying a computer with special negotiated NEOMA BS prices.

### > Tailor - Col Vert

Col Vert is a startup that delivers suits at negotiated rates for our students.
